

Tails of the Apocalypse

The Doomsday siren calls on civilizations last day. Natural disaster. Nuclear war. Pandemics. These are the ways the world ends. Now, in the aftermath of ruined cities and humanity gone savage, mankind will once again find his oldest allies and closest friends amidst the debris of all that once was. The Walking Dead meets The Incredible Journey in 14 incredible tales of nobility, self-sacrifice, and unconditional love as told by today's most talented independent authors. Humans will learn an old lesson anew - that animals, the heroes in these tales, might just make the difference in their quest to survive one more day. Seven stories set in all-new dystopian landscapes. Seven stories set in the best-selling post-apocalyptic worlds of David Adams's Symphony of War, Michael Bunkers Pennsylvania, Nick Coles Wasteland Saga, Hank Garners Weston Files, E.E. Giorgis Mayake Chronicles, Deirdre Goulds After the Cure, and Edward W. Robertsons Breakers. Other authors include: Chris Pourteau, Todd Barselow, Steven Savile, Stefan Bolz, Harlow Fallon, and Hank Garner.
