

## Lost Time: Part 2 [HEADSPACE]

To find out who he is, he must discover who he became. Restored to life by Second Skyn, Finsbury Gage hunts rogue minds for the Toronto Police Services Psychorithm Crime Unit while secretly searching for his wife's killer. He's conflicted, torn between staying true to who he was and accepting what he's become—something both more, and less, than human. He'll do whatever it takes to find the man who murdered his wife, even if it means losing who he is. Then, eight months later, Finsbury wakes in a new body, hidden under a new name, with no memories of how he got there. He's been disgracefully discharged from the police force, his reputation in tatters, he's the primary suspect in a murder, and his wife's death is the last thing he can remember. To find out who he is, Finsbury Gage will have to discover who he became. But will he be able to live with himself when he does? Find out in the next installment of Lost Time: Headspace.
