

A hospital bombing causes a devastating melancholy in a mans life, transforming it into a living hell. After two years of grieving, he follows Mauras last entry in her diary--the word Dischafer and a phone number--to seek answers. His research leads him to a dying town, Mnowa, where an underground military silo holds the key for all his answers. He breaks in and risks his deranged life to discover the interred truths about Dischafer. But to reclaim the truth back, he must battle his own mind and fight an army.
