

Prudent Decision Making in an Imprudent World: Better Decisions at Home and Work

A practical guide to making better decisions in all aspects of life, based on extensive research and a wide range of historic and current examples. Includes chapters on personal and business decision making, as well as financial decision-making. Provides dozens of features on historic events affected by bad decision making, such as the 1929 stock market crash, the Challenger disaster, and the implosion of Enron.
