

Fully illustrated, this book offers readers an invitation to an exciting world of exotic gardening. Aimed at gardeners who are keen to try their hand with plants at the warmer end of the spectrum, it offers a tempting selection of palms, architectural plants, bamboos, flowering trees, climbers, shrubs, foliage plants, perennials, orchids, bromeliads, ferns and water plants, with cultural information and other practical advice. A list of suppliers and recommended further reading material is also included.

New Models in the Patient-Centered Medical Home: Incentives, Infrastructure and IT to Support Accountable Care, An Antarctic Mystery, Dress Behind Bars: Prison Clothing as Criminality, Colorful Reef Creatures: Tropical Reefs Provide a Wide Variety of Animals and Colors (Calvendo Animals), Female Adolescent Development, The Birth Of Aesop: A Little Luck Changes Everything (Fables About Aesop) (Volume 2),
