

While Brehan Tucker battles inner and extraneous demons alike, Erth is forced to admit there is more to her than temper, fortitude and beauty. She is not only his aversive lifemate and the reluctant mother of his children, she is someone he cannot separate from. Too late he realizes he has been snagged in a cunning trap. Within Brehan resides Dime, a spawn conditioned to not only destroy the Earth women and the Syre men he raised from infancy, but himself and the Guardians of Haveth. Love wielded a shield of denial. Now it must serve as a sword of justice.
