

Making Vegetables (Vol 1): Germinating Heirloom Seeds & Growing a Sustainable Garden the Organic Way

Volume 1 introduces heirloom seeds, and the great need for them. You will find easy instructions on germinating seeds, nurturing seedlings, and then transferring them to your garden. It also features advice from the best heirloom seed experts in the world. It is packed with step-by-step instructions and full-color pictures that make it fun and easy to follow. Making Vegetables will teach you to build a hot box, cold box, greenhouse, and how to plant and care for an organic sustainable heirloom garden. With its simple and to-the-point perspective, Making Vegetables is an entertainingly instructive book. If you have ever wanted to grow a more delicious, nutritious, and all-around better vegetable, buy this book to discover how.
