

## The Terrible Quest of Thaddeus Pennybrooks Knee-High Steambots: A Steampunk Fantasy Novel

A Steampunk Fantasy Novel--Four frightened, steam-driven, robotic dolls: a dancer, a clown, a Spartan warrior, and a Tibetan monk on a quest to rescue their creator, genius inventor, Thaddeus Pennybrook, who's being held hostage by criminals. Traveling through a strange and threatening world, the dolls' hardships teach them not only how to survive, but what it means to be a humanoid. By fulfilling their impossible mission, they inadvertently renew their creators' lease on life. For you film buffs, this is *BLADE RUNNER* meets *PINNOCHIO*! Steampunk for the Peculiarly Intelligent Reader--Readers looking for the best Young Adult Fantasy and particularly Steampunk fiction books will want to take note: D. A. Metrov not only writes with passion and sensual detail, but with a wink to current day issues. His heroic characters are defenders of Mother Nature. On a deeper level, they seem to have an innate alliance with a mysterious, Spiritual Force--the same Force that created the Universe. Metrov's unique blend of epic fantasy, steampunk, fantastic, steam-powered inventions, and metaphysics draws the reader ever deeper into a remarkable new realm of fantasy literature. His background as a film director, screenwriter, and fine arts painter adds fresh cinematic scope to his unique brand of young adult storytelling. If you love J.R.R. Tolkien, *LORD OF THE RINGS*, dragon stories, steampunk, compelling characters, strong female counterparts, and wicked, mechanical inventions, you will very likely add *THE TERRIBLE QUEST OF THADDEUS PENNYBROOKS KNEE-HIGH STEAMBOTS* to your best young adult fiction list.
